

What can I expect from Made Smarter?

Made Smarter helps manufacturers keep their competitive edge, with digital tools that help make an everyday difference to your business.

Here's what you can expect once you've expressed your interest;

1. Start with a 1-1 conversation with our digital consultant to make sure Made Smarter is right for you before completing your registration
2. Complete a short online diagnostic to help us understand where your business is on its digital journey and meet your digital consultant
3. Join a Digital Showcase with Teesside University to explore the opportunities that technology can bring
4. Complete a business analysis and work with your digital consultant to develop a digital roadmap
5. Join three half day workshops to get to grips with the solutions available and how the technology works in practice
6. Get an Innovation Voucher worth up to £500 for additional specialist advice or training
7. A grant of up to £20,000 is available to help you implement your new technology and equipment

Plus, peer learning, collaborative workshops and site visits.
